

Welcome to the Fabulous Fourth Grade! We heard you are sharp and we want to keep you that way during the summer! Don't forget to practice your quick math drills that you have worked so hard on this year! We ask that you complete 15 skill review pages from www.aaastudy.com over the course of the summer. The list below shows what skills you will need to practice. You will complete one page of each skill in each month of summer break. Please see the directions for using this site on the next page. You will need to print each page as you complete it.

- _____ 3 Addition (multiple digits!)
- _____ 3 Subtraction (multiple digits!)
- _____ 3 Multiplication
- _____ 3 Division
- _____ 3 of your choice; options include: fractions, geometry, graphing, money, measurement, place value

	Multiplication	Division	Addition	Subtraction	Choice (see above)
June					
July					
May/August					

Here are some other websites that we recommend for summer practice.

- * www.aplusmath.com
- * www.apples4theteacher.com
- * www.mathslice.com (this website is mostly printable worksheets)
- * www.khanacademy.org (this website is great for lots of topics; videos to reinforce/reteach)
- * www.timeforkids.com
- * www.nationalgeographic.com/toolsforadventure

Have a fantastic summer! We can't wait to hear all about it in August!

Directions for using www.aaastudy.com

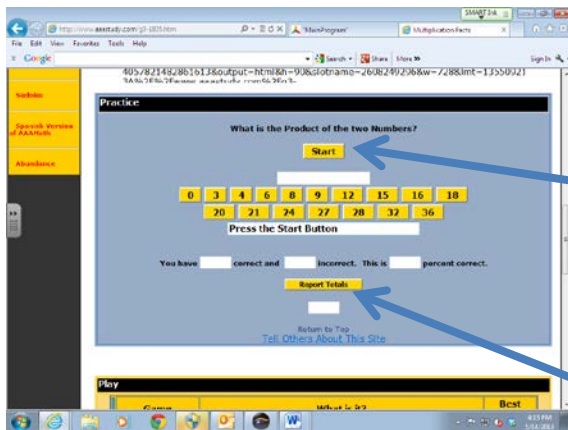

From the home screen, choose 3rd or 4th grade.

Choose a topic from your required list.

Click on the specific skill under the general topic.

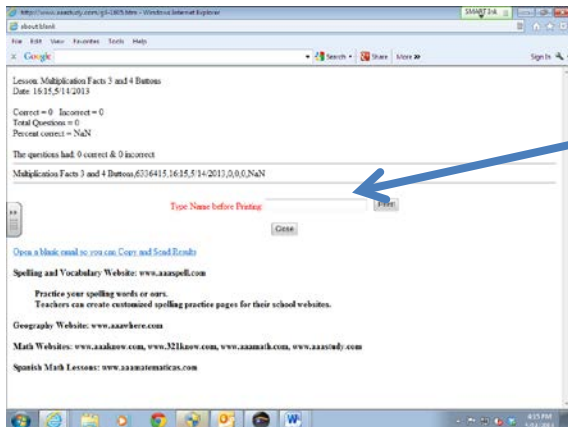

A short tutorial will follow.

Click on the "start" button in the blue practice box.

Complete at least 10 problems.

Click on the "Report totals" box.

Type in your name and print the screen.

All 15 sheets should be stapled and brought to school the first week back in August.
